

**SCRIPTURE MEMORY  
CAMP WHITE BRANCH SENIOR HIGH CAMP  
2014**

As Christians in The Church of God, we love the Word of God! Starting a tradition of Scripture memory in our Senior High camping program, we have three powerful objectives for every person who participates:  
to enjoy the wonder of God's Word  
to enter God's truth into our hearts "that we may not sin..."  
to equip us to effectively share our faith in Christ Jesus!

Starting 2014 Camp we will be incorporating scripture memory into our summer program. This year we have opportunity to learn Gods word and to keep it in our hearts along with some friendly competition.

**Entry Track**

Every person who takes part will begin with an "Entry" section that will focus on a simple, short plan of salvation. Everyone who completes this section will receive an award.

**"A" Track / "B" Track**

After each person completes the entry track they can choose from either an "A" Track or a "B" Track of further verses.

**"A" Track**

"A" Track has more verses expanding the plan of salvation.

**"B" Track**

"B" Track has blocks of Scripture in verse by verse order (such as Genesis 1, 2 or Revelation 19, 20).

**Memorization Guidelines**

1. Each person begins with the "Entry" section so we all can have a workable plan of salvation memorized. This section will change in three year cycles to give us more than one plan to use.
2. Please memorize verses in order **with references and titles\*\*** in each section. Our goal is not just to memorize verses, but help us know how to help others find and grow in Christ.
3. All versions of the Bible are acceptable for memorization. Participants should bring their version to the Scripture listener when reciting verses.

**\*\*Note: Youth need to memorize the verses in order including the references and the titles for the Entry Track and the A Track.**
